MULTIDISCIPLINARY TREATMENT OF BREAST CANCER IN THE 21ST CENTURY
SPECIAL TECHNOLOGIES IN CANCER TREATMENT

7th USTKA ONCOLOGY DAYS

Dear Ladies and Gentlemen,

It is my pleasure to invite you, for the seventh time, to the “Ustka Oncology Days” organized by our team, as always under patronage of National Consultant for Oncological Surgery, President of the Polish Society for Oncological Surgery, and Editor in Chief of the Neoplasms bimonthly.

We are happy that our event is becoming increasingly popular among you. Therefore, we are doing our best to keep our symposia at the highest possible professional level.

To make your stay even more interesting, we have also changed the location of the symposium. This time, it will take place between September 10 and 12, 2010 at the charming “Dolina Charlotty” [Charlotte Valley] hotel in Strzelinek, located between Słupsk and Ustka. It is an exceptional place which you certainly will remember with fondness.

The subject matter of the symposium includes contemporary multidisciplinary treatment of breast cancer and application of new technologies in cancer treatment. The scientific committee comprises prominent lecturers, both from Poland and abroad.

You are kindly invited,

President of the Organizing Committee
Zoran Stojčev, MD

You are cordially invited to a recently opened “Dolina Charlotty” [Charlotte Valley] Resort & Spa located between Słupsk and the seaside resort of Ustka. Here, far from the city din you will find an oasis of peace. You will be charmed by gorgeous scenery, elegant interiors of the restaurant and hotel, exquisite cuisine, idyllic atmosphere and closeness to nature. Our hotel is a perfect place for an out-of-town weekend, short holiday at the seaside, or a “full-time” holiday with family and friends. It’s a perfect place just for you. What makes us stand out from other hotels is simplicity of handmade wooden furniture which harmonizes with old bricks on the wall and soft fabrics. The interior is painted with the colours of nature which perfectly combine with the lake surrounded by woods. Most rooms have terraces with a view to the lake. Enjoy our gorgeous Charlotte Spa now. Huge windows in the pool area with the view to the lake and forest, starlit sky on the ceiling, frescos on the walls create the feeling of luxury in natural surroundings.

Charlotte Valley is not only the hotel & spa, but also the “Żelazna Podkowa” [Iron Horseshoe] Lodge located above a real stable, and a picturesque Rybaczówka situated on the Zemełowskie Lake with three apartments. The Charlotte Inn – an original, stylish duplex restaurant on the water – is a true heart of the valley. It tempts with excellent cuisine, elegant interiors and intimate atmosphere.

You can also take advantage of our wide range of active rest opportunities. Climb in the rope park, ride a horse or a water bike, or go kayaking. If you are keen on fishing, Charlotte Valley is definitely the place to visit. And your kids will love the zoo, where they will be greeted by a camel, Scottish cow and various deer.

Stop the time in the heart of a magic Valley...
